

AMAZING PERU

07 NIGHTS // 08 DAYS

DAY 01: LIMA

Arrival at Jorge Chávez International Airport in Lima. Meeting and transfer to the hotel. Accommodation at Hotel Britania 3** or similar category.

DAY 02: LIMA / CUSCO

Breakfast. Private transfer (driver only) from the hotel to the airport for your flight to Cusco. Upon arrival – meeting at the airport and transfer to Hotel Sueño del Inca 3** or similar category.

Optional: Guided panoramic bus tour of Cusco.

At an altitude of over 3,000 meters above sea level lies Cusco, one of the most mysterious cities in Peru. Once the capital of the Inca Empire, it is considered the archaeological and historical heart of South America, still enveloped in ancient mystique. According to legend, the city was founded by Manco Cápac, the first Inca, who came from the shores of Lake Titicaca.

Visits to architectural sites:

Sacsayhuamán Fortress – a massive ceremonial and defensive complex built by the Incas in the 15th century. Today, it consists of three tiers of walls constructed using cyclopean masonry — enormous stone blocks, some weighing over 3,000 tons, transported from dozens of kilometers away. Some archaeologists believe parts of the structure predate the Incas themselves.

Qenqo Temple – an archaeological site in the Sacred Valley shaped like an amphitheater carved into rock. This was one of the primary places for sacred Inca rituals. The area includes four temples on the mountainside: The Puka Pukara fortress and the Tambomachay Water Temple among them.

Koricancha Temple – the legendary “Temple of Gold,” once the most revered sanctuary of the Inca Empire. When the conquistadors arrived, they destroyed the temple and built the Santo Domingo Convent on its foundations. According to legend, the walls and interiors were covered in sheets of gold, and inside stood a large golden altar and a sun disk depicting the Sun God Inti.

Return to the hotel. Rest and overnight.

DAY 03: CUSCO / MACHO PICCHU / CUSCO

Breakfast. At the scheduled time, meet your speaking guide at the hotel and transfer to the railway station. Board the train and travel to Aguas Calientes (Hot Springs).

Then, begin your guided excursion to Machu Picchu, the lost city of the Incas, which existed for just over a century. It was built by Emperor Pachacutec as a royal estate and sacred retreat. The city included a palace complex, noble residences, and temples.

Machu Picchu remains one of the world's greatest mysteries — it was suddenly abandoned, and archaeologists still do not know why. Located high in the mountains, at an altitude of 2,450 meters above sea level, the city was never discovered or destroyed by the conquistadors.

Machu Picchu was rediscovered in 1911 by American explorer Hiram Bingham. Its construction techniques continue to amaze modern engineers: the perfectly fitted stone blocks, the earthquake-resistant terraces, and the way the architecture harmoniously blends into the surrounding landscape.

Since 1983, Machu Picchu has been listed as a UNESCO World Heritage Site, and since 2007, it has been recognized as one of the New Seven Wonders of the World.

In the afternoon, descend to Aguas Calientes. Enjoy lunch at the traditional restaurant El Mapi. Return by train to Cusco. Upon arrival, transfer to your hotel.

DAY 04: CUSCO

Breakfast. Free day.

Optional: Excursion to the Sacred Valley of the Incas – \$250.

Numerous ruins of ancient cities lie in the Sacred Valley of the Incas: Pisac, Ollantaytambo, Chinchero, Urubamba. At the artisan market in Pisac, you can buy local handicrafts — ceramics, carpets, souvenirs, silver and leather goods. At the Awanakancha Zoo Center, visitors enjoy feeding charming llamas, alpacas, guanacos and vicuñas, and learn about the process of preparing and naturally dyeing wool.

The tour then continues to the archaeological complex of Ollantaytambo, one of the most important military structures of the Incas. Buffet lunch at the national cuisine restaurant Tunupa. Return to the hotel.

DAY 05: CUSCO / PUNO

Breakfast. Transfer to the bus station for the tourist bus Wonder to the city of Puno.

Along the way you will stop in the village of Andahuaylillas, famous for the San Pedro Church of Andahuaylillas. Because of its incredible murals, this church is often called the “Sistine Chapel of South America.” It was built in 1631 on the foundation of an ancient Inca temple. The interior is stunningly beautiful and richly decorated, while the exterior is quite modest. The unique paintings and exquisite stucco make this church the hallmark of the village and a treasure of the Urubamba Valley.

Next stop – the Raqchi Temple. This archaeological complex of the Inca era was once an important religious center located at an altitude of 3,500 meters above sea level. The temple, 92 meters long and 25 meters wide, was dedicated to the creator god Viracocha. It is the only Inca monument where columns were used to support the roof — there were 22 of them. Buffet lunch in the town of Sicuani.

Next stops: La Raya (4,400 meters above sea level) and Pucara, where you will visit the Lithic Museum.

Around 18:00 — arrival in Puno, the capital and largest city of the Puno Province in southeastern Peru. It lies at an altitude of 3,860 meters on the shores of Lake Titicaca, the world's highest navigable lake. It was here on Lake Titicaca that Thor Heyerdahl built his famous reed boat “Kon-Tiki.”

Check-in at the hotel.

Optional: Luxury train journey Titicaca Train from the capital of the Inca Empire – Cusco – to the shores of majestic Lake Titicaca (Puno), operating Wednesdays and Sundays.

This luxurious train offers a restaurant car, bar car and a unique panoramic observation car from which travelers can enjoy changing landscapes and climates along one of the world's highest railway lines (“between mountains and clouds”).

A mandatory stop is made at the highest point of the route (La Raya, 4,319 meters), offering unforgettable panoramic views. Lunch (starter, main course, dessert) is included.

The Andean Explorer train is considered one of the world's 25 most spectacular rail journeys, and both the train and its route have been recognized as the best in the Americas by the World Travel Awards 2012.

Approximate arrival in Puno at 19:00. Supplement: +\$270 per person (Wednesdays & Sundays).

DAY 06: PUNO / LAKE TITICACA / LIMA

Breakfast. Transfer to the port for departure to Lake Titicaca.

For many Peruvians, Lake Titicaca is a sacred place. They believe that Manco Cápac, the first Inca leader, was a direct descendant of the Sun and was born in the lake's waters. Today, the Uros people living on the lake's floating islands consider themselves "people of the lake" by birth.

Excursion to the floating reed islands of Uros — more than 40 man-made islands. Here you will learn the history of the islands and their people, buy numerous local souvenirs, and ride on a traditional reed boat. To experience true Peruvian exoticism, you will visit Taquile Island in the depths of Lake Titicaca. Time here seems to stand still. Residents follow their own traditions and moral codes; there is no crime, no police, no vehicles, no cats or dogs. The main settlement lies high in the mountains at 3,950 meters.

The island is famous for its strong ethnic heritage, especially its ancient weaving traditions. In 2005, Taquile's textile art was proclaimed a "Masterpiece of the Oral and Intangible Heritage of Humanity" by UNESCO. Lunch on the island. Return to Puno. Overnight at Sol Plaza 3* or a similar hotel.

DAY 07: LIMA

Breakfast. Transfer to the airport for your flight to Lima. Upon arrival in Lima, meeting at the airport and transfer to the hotel. Free time in Lima. Overnight at Britania 3* hotel.

Optional: Lima City Tour and Casa Aliaga Museum – \$120 per person (minimum 2 people).

At 9:00 AM, we begin the tour in the Miraflores district. The first stop is the Love Park, offering a breathtaking view of the Pacific Ocean. Next, we continue with a panoramic visit of the Huaca Pucllana archaeological site, the Olive Grove Park, and historical landmarks such as Huaca Yanamarca and several old colonial mansions.

The tour continues in the Historic Center of Lima, where you will see:

- The magnificent San Francisco Cathedral
- The Main Square with its unique atmosphere
- The Presidential Palace
- The City Hall
- San Martin Square, a symbol of Peru's independence

A highlight of the tour is a visit to one of Lima's finest museums – Casa Aliaga. This museum houses priceless treasures from Peru's colonial period, telling the country's history through exceptional artifacts and beautifully preserved interiors. The tour concludes at the Magic Water Circuit, a park of impressive illuminated fountains listed in the Guinness Book of Records for its spectacular light-and-music shows.

Immerse yourself in Lima's rich history, culture, and charm!

DAY 08: LIMA

Breakfast. Transfer to the airport for your international departure.

On the way to the airport, we recommend visiting one of the 25 best museums in the world – the Larco Herrera Museum.

Founded in 1925 and located in the former residence of a Peruvian viceroy, this 18th-century colonial mansion stands atop a pyramid. The museum showcases an extraordinarily rich collection of ceramics, textiles, jewelry, gold, mummies, and one of the world’s largest collections of pre-Columbian erotic pottery.

The museum holds 45,000 artifacts, each telling the story, daily life, and culture of the Inca, Moche, Nazca, and Chimu civilizations. Cost: \$90 per person.

The museum also houses an excellent national cuisine restaurant, Café del Museo.
